Name : V. Venkata Susheel Chowdary

Reg. no : 192472060

Course code : ITA0502

Course name : Computer Vision

Concept Map – Autonomous Vehicle

Autonomous Vehicle (Self-driving car)

Computer Vision

Overview & Features
- Capturing Visual data.
- Extracts useful info
- Real-time process -ing

Levels of CV & Image processing
- Low-level
- Mid-level
- High-level

Digital Image Fundamental
- Pixels
- Resolution
- Color Models
- Image representation

Image Sensing & Acquistion
- Cameras
- Lenses
- Light sensors
- Frame capture.

Sampling & Quantization

Image Formation Models

Image Processing

Useful Feature Extraction
- Edges
- Shapes

Scene Understanding & Navigation

Autonomous Driving

Concept Map - Medical Imaging.
